We provide great opportunities for all our employees to make a real difference to our Business and to help them achieve their full potential.

Our way of life

Our code of conduct provides the foundation for the way we conduct business while protecting the environment.

About us

Navigation Lanka Shipping Pvt Ltd

Navigation is a company that speeds past the highest customer expectations and gathers its valuable customers in journeying onward with speed and accuracy towards attaining the Position of market leader in a global scale.

Navigation Lanka Shipping Pvt Ltd from its humble beginnings has achieved in establishing itself as a highly professional company offering total transportation solutions, logistics, and all other affiliated services. This achievement has also led it to become one of Sri Lanka's top International freight and logistics providers with a host of innovative services to meet the demanding needs of the modern business world.

Its prestigious clientele is also an excellent reference to the exceptional level of satisfaction Navigation Lanka Shipping provides to all its customers.

NAVIGATION LANKA SHIPPING SERVICE PORTFOLIO

Navigation Lanka Shipping is one of the leading Air Freight & Sea Freight exports & imports in Sri Lanka. At Navigation Lanka Shipping, we have exclusive freight rates and space allocation Agreements with all major Shipping Lines and Air Lines operating in and out of Sri Lanka. Navigation Lanka Shipping with our own global network and exclusive agents worldwide are Fully capable of providing an end-to-end service to our customers. Ocean Freight plays a major role in international transportation. Especially due to the expansion of Colombo Sea Port and development of the new port in the south, Sri Lanka is now geographically positioned to be the central shipping gateway of Asia. With the future in mind, Navigation Lanka Shipping has developed good relationships with All major shipping Lines in Sri Lanka. With the introduction of the Free Port Concept in 2013, Sri Lanka is fast becoming a transshipment hub. At Navigation Lanka Shipping we are proud to state that we specialize in Multi-Country Consolidation (MCC) and origin pick Operations. We do Consolidations of Ocean Freight and Air Freight Cargo, which benefits both Shipper and Consignee at the final end. This is done through our regular movements of consolidated cargo to many ports around the world. All types of packing can be undertaken including the packing of personal effects, fragile items and even perishables.

Navigation Lanka Shipping provides around the clock service in the collection and delivery of cargo to Shippers and Consignees around the island. At Navigation Lanka Shipping we believe that the key in providing the best End to End logistics solutions to our customers. We have two fully equipped Cargo Freight Stations (CFS) and in addition, We provide services such as Storage, Sorting, Labelling, Reworking and ocean Freight container Rigging Services along with Air Freight GOH Box Manufacturing, Bar Code Scanning and Quality Assurance Centers. Navigation Lanka Shipping has to facilitate the clearance of Sea & Air Import cargo along with Professionally trained staff with a customs House Agent to clear the goods. We have our own island wide transport network, which includes special trucks with Temperature control capabilities and trucks with "Garments of Hangers" facility.
